

B A C K T O T H E S T A R T

If we could go back to the start
and turn back this wonderful time,
with full of memories and friendships
and fun all of the time.

On the first day, we arrived with the train -
not in the night
Then we went hiking, to the waters
and share our room with the others -
like we were a family.

If we could go go back to the start
and turn back this wonderful time,
with full of memories and friendships
and fun all of the time.

On the next day, it was cold,
but we went swimming anyways.
There was a slide, we had fun
and did some stupid things.

If we could go go back to the start
and turn back this wonderful time,
with full of memories and friendships
and fun all of the time.

On the third day, we went hiking
oops we did it again!
At last there were beautiful waterfalls.

If we could go go back to the start
and turn back this wonderful time,
with full of memories and friendships
and fun all of the time.

So today, we went climbing
and felt like flying fox.
In the afternoon we wrote this song
and had a lot of fun.

If we could go back to the start
and turn back this wonderful time,
with full of memories and friendships
and fun all of the time.

So the last verse, is for you,
because we laugh a lot in groups.
You were so strong like superheroes,
always on our side
and we're thankful for all this time.

If we could go back to the start
and turn back this wonderful time,
with full of memories and friendships
and fun all of the time.

Ein Song über die Sommersportwoche der dritten Klassen in Schladming von Zoe Rössl, Yvaine Korsatko und Luisa Leodolter (3b).
